

Educational Units at Placer County Fair

This year, all the Livestock Shows will be adjusted to start on Wednesday, June 19th. As a result of not having livestock shows during the Fair hours, we are asking the 4-H, FFA, and independent youth to provide an AGRICULTURAL EXPERIENCE component to help fairgoers understand “why” agriculture is so crucial to our everyday lives. This is a wonderful opportunity to promote the 4-H, FFA, and independent programs and show the values and education that each of you gain by being part of such an amazing program.

We ask that groups create a small write-up to describe what they will be presenting. The write-up should include the following:

- ✓ Members/Clubs/Chapters involved
- ✓ Animals/Species being used
- ✓ Three times in preference order
- ✓ Information being provided
- ✓ Materials/supplies needed from Fair Staff
